

Global Competitiveness

4

THE AMERICAN ASSEMBLY was established by Dwight D. Eisenhower at Columbia University in 1950. Each year it holds at least two nonpartisan meetings which give rise to authoritative books that illuminate issues of United States policy.

An affiliate of Columbia, with offices at Barnard College, the Assembly is a national, educational institution incorporated in the state of New York.

The Assembly seeks to provide information, stimulate discussion, and evoke independent conclusions on matters of vital public interest.
